### The Oneness Awakening Seminar

Please join us for an amazing weekend to take a giant leap forward in consciousness. Now is the time!

This seminar facilitates "awakening" where you gain peace of mind, calmness and clarity. You experience reality as it is---free from the chatter of the mind, free from resistance!

The Mukthi Deeksha helps you to awaken by deepening your experience. As you participate, you:

- Increase your vibrational energy level;
- Align with the awakened energy of previous masters;
- Connect deeply with the Divine Presence most meaningful to you.

Receive teachings and special Oneness Blessings to help you:

- Move into higher states of consciousness
- Practice inner integrity
- Learn the art of listening

**This seminar includes both the "Mukthi Deeksha For Awakening" and the "Oneness Blessing Giver Initiation."**

We are seriously preparing for 2012 to be able to help each other. As you give blessings to each other, both the giver and the receiver's consciousness level go up.
